RECALLS

Report Received Date

Dec 10, 2020

Component

STEERING

Summary	STEERING
Consequence	If the steering locks, it can increase the risk of a crash.
Remedy	Icon Vehicle Dynamics, LLC (Icon) is recalling all 05-UP FSD 2.5 Centerline Stabilizer Kits with part number 65050. The kits were sold as an accessory for certain 2005-2021 Ford F-250 4X4 and F-

350 4X4 pickup trucks. The foam ring inside the stabilizer "through shaft" may block the piston ports, possibly causing the steering to lock up.
